## Experience

### WeThinkCode

Technical Mentor

September 2024 - Present (2 months)

Parkwood, Johannesburg

Guiding the 2024 cohort's first-year students at WeThinkCode through their tech education journey. I simplify complex concepts like Python, Git, Bash, Linux, TDD, Agile Methodologies, and SDLC through interactive sessions, ensuring practical understanding and application, and equipping students with vital skills for the dynamic tech landscape. I also collaborate closely with peers, sharing insights from my second-year experience and fostering an inclusive environment where every voice is valued. My mentorship cultivates critical thinking and problem-solving, empowering students to excel both academically and professionally.

### Codetricks

Junior Web Designer

May 2024 - October 2024 (6 months)

Johannesburg Metropolitan Area

As a Junior Web Designer at Codetricks, I focus on creating responsive and visually engaging websites. I collaborate with senior designers to align our work with client goals, constantly learning new design trends to enhance user experience. My role supports delivering top-notch digital solutions that boost our clients' online presence.
